Sprint 5: Project Delivery

User Testing Markr. Tool

User test Markr tool

Please underline the answer like this: Yes / No.
 Can you open the brand guide
    Answer: Yes, it opens up
2. Can you edit the title
    Answer: The text properly changes when I leave the cursor

3. Can you add or edit a text element
    Answer: Yes, I added a subtitle and paragraph element and can change the text.

4. Can you delete anything
    Answer: Yes things disappear when I press the X icon

5. Is it possible and easy to change the colors
with the built-in color editor tool?

    Answer: Yes, the flow is intuitive, but they do not update on the top

6. Can you go back to the gallery page?
    Answer: Yes
7. Can you add and delete image elements of different sizes?
    Answer: Yes, there seems to be 3 sizes I can add
8. Can you try to delete the images you added?
    Answer: yes, it seems to work well

9. Can you try to click on the eyeball icon to open up the published brand guide? What do you think of the loading skeleton screen?
    Answer: Alright, It looks great, and the timing before the page loads seems perfect

10: Do you see your changes updated on the published brand guide?
Answer: No, they don't update
9. Can you try and print the brand guide that you see with Ctrl + P?

Answer: Sure, it looks like it could use some extra spacing though

10. Can you try to remove headers and footers, but keep backgrounds?

Answer: Yes, it looks much better now.

Through this user test we want to know what it is like to make use of our tool as a user. We try to improve the tool with the feedback we receive. So, we can get rid of any problems that have to do with navigating, interacting and design as soon as possible. Thank you for your coöperation! Team Pizarra!
